

Smart plug WiFi MEROSS MSS210EU (HomeKit)

Smart plug WiFi MEROSS MSS210EU (HomeKit)

Ref: 0680306685813

Control by application

The easiest way to make your home smart - the intelligent plug-in Meross MSS210, which connects to a dedicated application using WiFi. Thanks to the application, we can check the level of energy consumption. Automate your daily activities and turn your home into a smart home. Set a schedule when individual devices should be switched on and off. You can set up scenarios tailored to your lifestyle.

Security

The plug is made of the highest quality fireproof PC material and also prevents power supply delays and short circuits. It is equipped with a relay with voltage of 16A..

Chipset Mediatek

Equipped with a powerful Mediatek chipset, which is compatible with the Amazon Echo assistant speaker. Working with a WiFi device has never been so convenient.

Time functions

Use different time options - countdown, schedule, timer, etc.

Cooperation with an assistant

The device works with the latest systems: SmartThings, Amazon Alexa and Google Assistant. It allows you to use the device without using your hands. Just give a command to the assistant and the device will do its job
