2000 B&W case for DJI Mini 4 Pro (yellow)

Protect your DJI Mini 4 and its accessories. The B&W case protects the equipment inside from dust and other contaminants. It is also IP67 water resistant. It's lined with foam to keep your equipment stable and protect it from shocks. It also has a pressure equalization valve, making it suitable for travel at various altitudes and depths.

Robust construction

The B&W case is made of durable polypropylene, which ensures its resistance to falls. In addition, the foam inside guarantees the stability of the equipment. It is also resistant to water (IP67) and dust. It offers protection against extreme temperatures, from -30°C to +80°C, and a special valve allows use under high pressure differences.

Thoughtful, roomy design

Using the B&W case is very convenient. Specially designed latches allow for easy opening and closing, and a rubber-coated handle provides comfort. The case will accommodate such equipment as a drone, DJI RC-N2 or DJI RC2 controller, or DJI Mini 4 Pro Fly More Combo and max. 4 batteries.
