

## Monitor Koorui GN06 27" 1920x1080px 165Hz

Monitor Koorui GN06 27" 1920x1080px 165Hz

Ref: 6976210080825

Monitor Koorui GN06 27" 1920x1080px 165Hz.

The smoothness of any action and an unforgettable visual experience will bring you the Koorui GN06. This 27" gaming monitor with FHD resolution offers vivid colors, smoothness of up to 165Hz and wide viewing angles. Plus, with advanced features such as Free-Sync, G-sync and HDR, your gaming experience will reach a whole new dimension.

### Richness of detail

Enjoy incredible image quality with FHD (1920x1080) resolution on a 27-inch IPS screen. With 178° visibility, the image is clear, color-saturated and full of detail, no matter from which angle you look at the screen, so you can enjoy the full experience of your favorite entertainment.

### Outstanding image smoothness

Forget about the annoying ghosting effect. The refresh rate of 165 Hz is a guarantee that every movement in the game is captured with the highest precision and without delay. Regardless of the intensity of the action, you can count on image fluidity of the highest standard.

### Amazing color spectrum

With a color gamut of 100% sRGB and DCI-P3 support of 90%, the monitor delivers vivid and realistic color reproduction. More than 16.7 million display colors deliver amazing images, ensuring an unforgettable experience during any screening.

#### VESA for your comfort

With an adjustable stand and the ability to tilt up and down, you can easily customize the monitor to suit your needs. VESA (75 x 75 mm) compatibility also makes it easy to mount on a wall or specialized workstations. Use as you are comfortable!

#### Versatile use

Dual HDMI 2.0 connectors not only provide excellent picture quality in 1080P resolution at 165Hz, but also wide compatibility with various devices. Advanced features such as Free-Sync, G-sync and HDR enhance the quality of gameplay for an unparalleled experience!
