

Swivel phone holder Puluz with universal 1/4 mount (black)

Ref: 5905316141339

Swivel phone holder Puluz with universal 1/4 mount (black)

Puluz swivel phone holder with universal 1/4 mount (black)

Even better shots. The Puluz phone holder features a universal 1/4 and cold shoe type mount, so you can easily attach it to most devices. It is made of high-quality aluminum alloy, which stands out for its incredible durability, while the soft rubber protective elements will hold your phone stably in almost any situation. The product rotates 360 degrees and allows you to adjust the width from 6.5 cm to 9 cm.

Use the way you want

The carefully considered design of the mount allows 360° rotation - so you can freely adjust the viewing angle or change the position of your phone (vertical / horizontal). Universal 1/4 mount and cold shoe will make it easy to attach the holder to a tripod, selfie stick, camera or stabilizer. What's more, thanks to the top cold-shoe mount, you can successfully install additional lighting or microphone.

Wide compatibility, many applications

You don't have to worry about compatibility issues. With a width adjustment of 6.5-9 cm, the mount is compatible with most popular smartphones, including Huawei, Samsung and Apple. The device is designed for various usage scenarios. It will be great for, among other things, making live broadcasts on social media platforms or on vacation.
