Smartwatch Zeblaze Stratos 3 (Orange)

Smartwatch Zeblaze Stratos 3 (Orange)

The Zeblaze Stratos 3 smartwatch is designed for active individuals who prioritize their well-being. It features a clear Ultra HD AMOLED display with a diagonal size of 1.43" and an advanced GPS module for precise route tracking. An innovative OHR sensor continuously monitors your health, and a wide range of sports modes makes it easier to achieve new goals. Additionally, Bluetooth Low Energy 5.3 support facilitates phone synchronization. The device allows for high-quality Hi-Fi phone calls. With a long battery life (up to 45 days) and IP68 water resistance, it enhances functionality and everyday comfort.

High-Quality Display

The Zeblaze Stratos 3 smartwatch features an Ultra HD AMOLED display that guarantees exceptional image sharpness with a resolution of 466x466 pixels and a pixel density of 391 PPI. It offers a brightness of up to 1000 nits for readability in various lighting conditions. Durable Corning Gorilla Glass protects the display from scratches, ensuring longevity and reliability. With over 150 available watch face designs and an Always On Display function, you can personalize the appearance and easily access information.

Precision GPS

The integrated GPS system works with four main satellite systems, including GPS, GLONASS, GALILEO, and BEIDOU, ensuring fast and accurate location tracking. This makes the Stratos 3 an ideal choice for active individuals who engage in activities like trekking, running,

or cycling and need precise data about their routes.

Health and Fitness Monitoring

Advanced sensors for heart rate monitoring, stress level, and blood oxygen saturation allow for continuous health tracking. The smartwatch also offers analysis of different sleep phases and breathing exercises. It provides advanced fitness features, including calorie tracking, step counting, and over 100 sports modes tailored to various activities. It can automatically recognize walking or running. The device also makes it easy to share your fitness achievements, motivating you to keep training and compete with friends. As a result, it's an ideal choice for those who want to stay fit and maintain their health.

Your Reliable Assistant

With Bluetooth Low Energy 5.3 connectivity, the Stratos 3 allows you to receive phone calls directly on the watch. You can also receive notifications from apps, including incoming emails and text messages, ensuring you don't miss any important information. The device also reminds you of upcoming events.

Reliability and Durability

The Stratos 3 is made from sturdy materials, making it durable and resistant to accidental impacts. It is also rated IP68 waterproof, allowing you to use it during intense workouts or in rainy weather. Additionally, the smartwatch is equipped with a 400mAh lithium-polymer battery, providing up to 45 days of usage on a single charge (in standby and energy-saving mode). When used during training with energy-saving mode, you can enjoy its performance for up to 20 days. The battery life during GPS use and heart rate monitoring is up to 84 hours, and during phone calls, it lasts up to 545 minutes. You can recharge the watch in just 1.5 hours.

Synchronization and Compatibility

The Zeblaze Stratos 3 smartwatch is compatible with Android 4.4, iOS 8.2, and newer systems. You can easily connect it to your smartphone using the Zeblaze Fit app, available on Google Play and the App Store. This allows you to have constant access to all the data collected by the watch, such as step count, distance traveled, calories burned, sleep quality, heart rate, and blood oxygen saturation levels.

Included in the Package:

Zeblaze Stratos 3 Smartwatch

Smooth Silicone Strap

Magnetic Charging Base

User Manual
