Smartwatch Zeblaze Btalk Lite (Black)

Zeblaze Btalk Lite Smartwatch (Black)

The Zeblaze Btalk Lite is a modern smartwatch with a 1.83-inch TFT display that offers Bluetooth connectivity and supports voice assistant functionality. It allows for health monitoring, including heart rate and SpO2 measurement, and has a battery life of up to 14 days on a single charge. Its IP68 waterproof rating and compatibility with Android and iOS systems are additional advantages of the device. You'll also have access to over 100 sports modes.

High-Quality Display

The Btalk Lite model is equipped with a large 1.83-inch color TFT display that provides excellent clarity and usability. Its resolution of 240 x 285 pixels and brightness level of 600 nits ensure a clear image in all lighting conditions. The elegant finish makes the smartwatch both practical and stylish. Additionally, you can personalize the watch face by choosing from over 200 options, and there's even an option to upload your own photo.

Stay Connected at All Times

With Bluetooth connectivity support, the Zeblaze Btalk Lite smartwatch allows you to make phone calls without reaching for your phone. You can also conveniently use the integrated voice assistant, which significantly facilitates communication and daily tasks. The device can also act as your assistant, notifying you of incoming messages or emails. It also allows you to check the weather for the next 4 days,

control your smartphone's camera, and much more.

Perfect Choice for Athletes

Choose from over 100 sports modes, from walking and cycling to more specialized disciplines like climbing and dancing. The smartwatch also allows you to monitor your progress in real-time and helps you achieve your fitness goals. With it, you'll know how many calories you've burned during your workout, how many steps you've taken, and how far you've traveled. Furthermore, its IP68 waterproof rating allows you to use the watch without worry even on rainy days.

Healthcare

Advanced health monitoring features such as wrist heart rate monitoring, blood oxygen (SpO2) level measurement, and blood pressure monitoring provide important insights into your body's condition. The smartwatch also offers breathing exercises and sleep tracking functions, ensuring comprehensive support for your well-being.

Impressive Battery Life

Don't worry about the Zeblaze smartwatch running out of battery too quickly. The Btalk Lite model is equipped with a 230mAh battery that provides up to 14 days of usage under typical daily conditions or up to 7 days with intensive usage. When using the device for phone calls, you can enjoy reliable performance for up to 280 minutes before needing to recharge. It takes approximately 1.5 hours to fully recharge the battery.

Dedicated App and Wide Compatibility

Download the Da Fit app for convenient access to practical functions and easy review of stored data. Btalk Lite is compatible with both Android 4.4 and iOS 8.0 or newer systems. It also supports Bluetooth version BLE 5.1, making it easy to connect to your smartphone.
