Smartwatch Zeblaze Stratos 2 (Blue)

Smartwatch Zeblaze Stratos 2 (Blue)

The Zeblaze Stratos 2 smartwatch will revolutionize your day. It features a 1.3-inch AMOLED display with a resolution of 360x360 pixels, supporting Always On Display functionality and allowing for dial customization. Its battery provides up to 25 days of usage on a single charge, and its 5 ATM water resistance ensures reliability in any situation. The watch also offers built-in GPS compatible with various navigation systems, making it ideal for active individuals. It also enables 24-hour health monitoring, including SpO2 levels, heart rate measurement, sleep analysis, and stress level assessment. Additionally, a dedicated app provides access to many practical features.

High-Quality Display

When designing the Zeblaze Stratos 2 smartwatch, the focus was on the needs of outdoor enthusiasts. The 1.3-inch AMOLED display with a resolution of 360x360 pixels and a density of 326 PPI ensures exceptional image quality and readability in various lighting conditions. The watch's thoughtful design and a high screen-to-body ratio of 85.2% maximize the display area while maintaining compact dimensions, perfect for an active outdoor lifestyle. Furthermore, the device offers an Always On Display feature, and you can customize the watch face to your preferences or current mood, with a choice of over 100 options, including the option to upload your own photo!

Integrated GPS Module

Looking for a reliable companion for your extreme adventures? The Stratos 2 is equipped with an advanced GPS module compatible with

GPS, GLONASS, Galileo, and Beidou systems, guaranteeing exceptional location accuracy anywhere. The precision navigation in 4 different modes allows for detailed route planning and reaching your destination. Whether you're conquering peaks or navigating the urban jungle, the Zeblaze smartwatch will guide you with exceptional precision!

Training Support

Want to ensure that every workout brings you closer to your goals? The Zeblaze smartwatch monitors the effectiveness of your training plan, automatically adjusting to the intensity of your exercises to maximize productivity and prevent overtraining. It also offers tracking features for various indoor and outdoor activities, including running, cycling, swimming, climbing, yoga, strength training, and more, allowing you to customize workouts to your personal preferences and goals. Additionally, the device tracks and records the number of steps taken and calories burned. The Stratos 2 is a partner that inspires you to stay active and achieve optimal results.

Your Health Guardian

With advanced biometric sensors and a heart rate monitor, the Zeblaze smartwatch precisely monitors your health, including heart rate during both activity and rest, with heart rate changes recorded on a weekly chart. Additionally, it measures blood oxygen levels (SpO2) to indicate blood oxygen levels. The Stratos 2 model also offers comprehensive sleep analysis, tracking sleep cycles throughout the day. The device provides detailed reports on deep sleep, light sleep, and REM sleep stages, helping you improve the quality of your nighttime rest.

Up to 25 Days of Usage

The Stratos 2 is equipped with an efficient 300 mAh lithium-polymer battery, ensuring long-lasting performance. During daily use, you can enjoy reliable watch operation for up to 15 days. Even with intensive use, the battery lasts for 10 days. When using GPS continuously, the device can endure up to 40 hours. For those prioritizing maximum energy savings, the power-saving mode extends usage time to an impressive 25 days. To charge the smartwatch using the included magnetic charging base, it takes approximately 1.5 hours.

Waterproof Design

The Zeblaze Stratos 2 is a smartwatch ready for all challenges, including underwater adventures. With its 5 ATM waterproof rating, it offers reliable protection up to 50 meters underwater. So, you can wear it while swimming without any worries as you monitor your progress.

Stay in Control

Enhance your daily convenience with the Zeblaze smartwatch! The Stratos 2 model allows you to check the current weather forecast, synchronize your calendar with your phone, receive notifications for new messages, and much more. Whether you're in a meeting, traveling, or working out, with the watch, you can stay updated without having to take your smartphone out of your pocket.

Dedicated App

Unleash the full potential of the Zeblaze Stratos 2 with the InfoWear app. The InfoWear app provides in-depth analysis of data from various sources, giving you access to health and physical activity reports and the ability to manage smart devices. The app is available for users with Android 4.4 or iOS 8.2 and newer.
