

Universal remote control Broadlink/BestCon RM4C Mini

Ref: 6924826708459

Universal remote control Broadlink/BestCon RM4C Mini

Broadlink/BestCon RM4C Mini universal remote control

The Bestcon RM4C Mini universal remote control is a newer model of the popular Broadlink RM3 Mini remote control, and allows you to control all devices in your home that have IR, i.e. TV, cable, or music equipment. With easy control via the e-control app for Android and iOS, you can control them from anywhere, even while away from home. It is compatible with Alexa and Google voice assistants. Its compact size allows you to place it anywhere, and its stylish yet simple design, makes it fit in all kinds of interiors.

Easy control

In addition to turning devices on and off anytime and anywhere, you can also create, so called, scenes, that is, with a single click you can run several devices simultaneously. With the ability to set a timer, it makes the devices turn on or off exactly at the time you need.

Control away from home

If you're away from home, you can turn appliances on and off via the app, according to your needs. With the app, you can also check if the selected device is on or not. Everything is done in real time.

No configuration

Powered by FastCon technology, the remote control needs no additional configurations. Control the device freely and change your

apartment to your liking
