Mcdodo USB-C to Lightning Cable CA-4760 1.2m (beige)

Looking for a cable that combines reliability and durability with exceptional user comfort? The Mcdodo CA-4760 will meet your expectations. This unique 1.2-meter cable combines innovative design, robust construction and thoughtful features that will make using it a pure pleasure.

Fast data transmission and fast charging

The Mcdodo CA-4760 guarantees lightning-fast data transmission speeds of up to 480 Mbps, allowing you to transfer files and media without unnecessary delays. What's more, with a maximum charging power of 36 watts, this cable ensures fast and efficient charging of your devices. Whether you need to charge your smartphone, tablet or other device, the Mcdodo CA-4760 will make the charging process fast and efficient.

Durable construction

The Mcdodo cable is made of durable materials, such as TPE and silicone, which ensure a long-lasting product. This means that not only will you be able to enjoy a reliable connection, but you will also be able to use this cable for many years. The unique feature of this cable is its softness and flexibility, and what's more, this cable exhibits resistance. You don't have to worry about the cable getting damaged from daily use.
