Sunnlyife N4P-B696 Case for MINI 4 Pro Drone

The Sunnlyife N4P-B696 is a handy case for the DJI Mini 4 Pro drone, lined with a soft material that is pleasant to the touch on the inside. The case is made of a durable material that will provide safety for the drone and minimize the impact of any shocks. There is no need to remove the wings or the gimbal protector - the drone will fit inside with them without any problems.

Excellent Protection

The Sunnlyife N4P-B696 is a case that not only looks great but most importantly protects your drone. The soft material lining ensures safety by minimizing the impact of potential shocks during transport.

Hassle-Free Storage with Accessories

Thanks to the thoughtful design of this case, you don't have to worry about removing the wings or disassembling the gimbal guard. All of this will fit inside the case with the drone, saving you time.

Perfect Fit

This case has been specifically designed to be compatible with the DJI Mini 4 Pro, meaning it fits perfectly. There is no need to adjust the case to fit your drone - everything is ready for use.

Lightweight and Portable

With a low weight of only 188g, and compact dimensions (182 x 122 x 75mm), this case is exceptionally portable. You can take your drone along with the case practically anywhere, without worrying about additional burden.
