Wireless Gaming Mouse Havit MS959WB

Ref: 6950676256789

### Havit MS959WB Wireless Gaming Mouse

Designed with gamers in mind, the Havit MS959WB wireless gaming mouse combines advanced technology and unparalleled comfort to provide an exceptional gaming experience. From unique customizable lighting to precise movement tracking, this mouse is a tool that elevates every gaming session to a higher level. Explore its key features that make it an exceptional choice for every gamer.

#### Multi-color LED Backlighting: Style and Functionality

The Havit MS959WB mouse offers 16 million colors of breathing LED lights, allowing for full personalization and customization to individual preferences. The impressive backlighting not only adds style but also enhances immersion during gaming, creating a unique atmosphere.

#### Adjustable Resolution: Precise Game Control

With an easily accessible button, the mouse's resolution can be dynamically adjusted from 1200 to 10000 DPI. This allows for quick adaptation to various in-game situations, providing precise and smooth control.

#### Versatile Connectivity: Wired and Wireless

The Havit MS959WB supports both USB connection and 2.4G wireless connectivity, giving gamers the freedom to choose. The maximum

working distance is 10 meters, ensuring freedom of movement without sacrificing signal quality.

#### Built-in Battery: Long-lasting Gameplay

With a built-in 600mAh battery and USB charging capability, the mouse provides long hours of gameplay without the need for frequent recharging. This guarantees uninterrupted gaming sessions, even during the most intense gameplay.

#### Programmable Macro Keys: Customization to Individual Needs

Eight programmable buttons allow for mouse customization to suit personal needs and preferences. The ability to set macros and shortcuts increases functionality and efficiency in games, enabling faster and more intuitive reactions.
