

Orico Hard Drive Enclosure SSD 2,5" + cable USB 3.0 Micro B

Ref: 6936761871280

Orico Hard Drive Enclosure SSD 2,5" + cable USB 3.0 Micro B

Orico 2189U3 Hard Drive Enclosure

Turn your hard drive into portable storage and protect your files from damage. Featuring a 3.0 interface for fast data transfer rates up to 5Gbps, its versatility gives you the ability to connect to almost any device. The enclosure is designed to support 2.5" SSD, which is the most popular standard among drives. The enclosure can accommodate a 2Tb drive, that's up to 50 thousand songs or 1500 movies.

Easy installation

Placing a hard drive into the enclosure is trivial. Just push and slide the rear casing, place the drive inside, close it and you are done! Connect with your device without any drivers and freely use your database wherever you want. Use the enclosure to transport the drive securely and take it with you in your backpack or bag.

Speed and durability for years to come

The enclosure is designed to accommodate your hard drive easily and securely, or replace it if necessary. With the built-in USB 3.0 port you can transfer your files up to 5Gb/s, that's up to 10 times faster than USB 2.0. Keep your work flowing smoothly. The design of the enclosure will allow you to enjoy it for years without falling out of the prevailing trends and will fit into any room.

Wide compatibility

Universal USB input allows you to connect to many devices and is compatible with Linux, Windows and IOS. Forgo all limitations and work with the most convenient equipment for you, using its capabilities to the maximum.

Safety above all

The device is equipped with multiple security systems, which protect against many threats. These include overcurrent protection, overvoltage protection, overheating protection, leakage protection, short circuit protection, interference protection. The applied materials protect against drops and shocks.

Well-thought-out design

With its modern design, the device will perfectly fit into the current trends for many years. It does not take up much space on your desk and will blend in perfectly with its surroundings, whether you use it at home or in the office.
