Gaming chair Darkflash RC850

Ref: 4710343794325

Darkflash RC850 gaming chair

The Darkflash RC850 gaming chair will be an excellent choice for people who spend a lot of time at the computer. It is equipped with a comfortable seat, and its contoured, adjustable backrest and detachable headrest provide even more comfort during gaming or work. Also noteworthy is the wide, stable base with solid 60mm diameter casters. It is also possible to tilt the chair by up to 150°. You can also adjust its height and armrests.

For the sake of your comfort

Do you often spend long hours playing games? Take care of your comfort! The chair has been equipped with a contoured backrest with adjustment, which makes it much easier to maintain the correct posture at the computer. There's also a detachable headrest, so you can further customize the product to suit your needs. The RC850 also offers a soft, comfortable seat. All this will allow you to forget about pain, fatigue and discomfort!

Specially designed base

The Darkflash RC850 armchair will provide you not only with comfort, but also with safety of use. The 350mm iron base guarantees perfect stability - even during extremely exciting, dynamic games. The product is also equipped with high-end casters with a diameter of 60mm. They are distinguished by impressive strength and mobility - thanks to them you can move freely on almost any surface.

Customize it to your needs

Enjoy even more comfort. The RC850 chair offers plenty of adjustment options. For example, you can adjust its height or tilt from 90-150°. Now you can easily adjust it to make you comfortable! The RC850 also allows you to adjust the armrests in 3 planes - the available options are up/down, left/right and 30° rotation. In addition, thanks to the mechanisms used, the chair guarantees the necessary stability in any setting.
