

## Universal holder Lisen, for dashboard (black)

Ref: 5905316149076

Universal holder Lisen, for dashboard (black)

### Lisen Universal Dashboard Mount (Black)

The Lisen mount stands out with its practical H-shaped design. It is widely compatible with phones with screen sizes ranging from 4" to 7" and can be easily installed on most dashboards. It provides exceptional stability during travel and allows for phone positioning adjustments. It also exhibits high resistance to damage and high temperatures.

### Enhanced Construction

In the production process of the Lisen mount, high-quality and durable materials such as sheet metal and silicone were used. The product features a triangular design resembling the letter H, and the 6-point bending connector contributes to stability. The accessory is also resistant to high temperatures and securely holds the phone in all road conditions.

### Compatibility

The Lisen product is suitable for various dashboards, whether flat or curved. You can easily place a phone in it with a thickness of up to 16 mm and a screen size ranging from 4" to 7". You don't need to remove the phone's case. The mount is designed to accommodate devices equipped with a ring or PopSockets.

### Adjustable Tilt Angle

Set the phone as you prefer. The Lisen mount offers 2 tilt angles - 72° or 88°. As a result, you can easily adjust it to your current needs.
