Car holder Lisen Tesla, air vent (black)

Lisen Tesla grille mount (black)

Lisen car mount is designed for Tesla. You can easily mount it on the grille. It provides stability, so you don't have to worry about your smartphone getting damaged. What's more, it is durable - it will hold up to 12 iPhone 14 Pro Max. It will perform well in a variety of conditions - on bumpy roads, sharp curves or speed bumps.

Practical and reliable

The holder fits smartphones whose screen diagonal is 4-7". You can also successfully place in it a smartphone in a case, the thickness of which together with the device does not exceed 14 mm. What's more, it allows one-handed operation - just place the smartphone in the holder and its arms will lock automatically.
