Ref: 6932172634308

Baseus Star-Lord 30000mAh 30W Powerbank (white).

The Baseus Star-Lord powerbank is an indispensable power source with an impressive 30000mAh capacity, providing multiple charges for your devices on the go, at work or on outings. This stylish powerbank allows you to charge multiple devices at the same time thanks to support for fast charging and multiple ports. Its smart design and innovative charging technology, guarantees efficient and safe use. Baseus Star-Lord powerbank is not only a convenience, but also a guarantee of safety. See what it can offer you!

Large capacity

Powerbank Baseus Star-Lord is an indispensable source of energy for active people who value large capacity and convenience. With a huge capacity of 30000 mAh, this powerbank allows you to charge your devices multiple times, whether you're on the go, at work or on a weekend getaway. Its impressive capacity means you can enjoy prolonged use of your smartphones, tablets or headphones without having to constantly look for an outlet. The Baseus Star-Lord powerbank is not only a practical device, but also a stylish accent that fits perfectly into a variety of situations. It ensures that you will always have a supply of energy for your devices, no matter where you are.

Charge multiple devices simultaneously

The Baseus Star-Lord powerbank is the solution for those in need of a versatile and efficient power source. With support for fast charging and several available ports, this powerbank allows you to charge multiple devices simultaneously, making it the perfect companion for

travel, work or everyday use. Its wide compatibility with various charging standards, such as Huawei SPC/FCP, Apple PD, Xiaomi QC, Samsung AFC and many others, ensures full flexibility and customization to suit your needs. Now you can charge your devices according to your preferences, gaining confidence that they are powered efficiently and safely.

Thoughtful design

The Baseus Star-Lord powerbank not only impresses with its aesthetically pleasing design, but also with smart solutions that enhance its usability. Equipped with a display indicating the remaining amount of energy, it allows you to easily control the available power. But that's not all - the innovative BPSII charging technology, makes this powerbank unique. With dynamic power distribution tailored to the charging devices, it automatically adjusts the output current, voltage and power to each connected device.

Guaranteed safety

The Baseus Star-Lord powerbank is not only a source of energy, but also a guarantee of safety for your devices. It is equipped with protection against overcharging, over-discharge, over-voltage and over-current protection, among others. This ensures that your devices are safe, and you can charge them quickly and easily.
