Wireless Speaker with Phone Holder Joyroom JR-MH01 (black)

The Joyroom JR-MH01 Wireless Speaker with Phone Holder (black)

Take your music experience to a whole new level with the innovative Joyroom wireless speaker. The device provides high quality sound, offers up to 15 levels of volume control, and is intuitive and hassle-free to use. With it, you will experience HD quality sound that will fill any room. Bluetooth 5.1 technology guarantees stable transmission. In addition, the LED display informs you about the state of charge of the battery, and the integrated USB port allows you to conveniently renew the energy of compatible devices. Opting for the Joyroom speaker, you will also gain a practical handle. The product is IPX7 waterproof and provides a long operating time.

Let the music sound

Experience amazing HD sound that will take you to a whole new dimension of musical reality. The Joyroom speaker offers deep bass, crisp treble and dynamics that bring any composition to life. Thanks to the surround sound effect, you will rediscover your favorite music and feel like an action hero while watching movies. The device allows you to conveniently adjust the volume and offers up to 15 levels of adjustment.

Bluetooth 5.1

The Joyroom speaker uses Bluetooth 5.1 technology, so you can enjoy a fast and stable wireless connection. The advanced Jieli 6966 B4 chip provides unparalleled sound quality and performance. In addition, the device supports AAC and SBC audio decoding, ensuring the

highest sound quality with lossless transmission.

Charge compatible devices

Reap the full potential of your Joyroom speaker. With a USB port, the device allows you to conveniently charge external devices. From now on, you can enjoy sound and at the same time keep your equipment fully charged without the need for additional power sources.

Long working time

The speaker is equipped with a 2000 mAh battery, which allows you to immerse yourself in musical journeys for a long time. At 70% volume, the device provides about 15 hours of continuous music playback or 20 hours of phone calls. In standby mode, it lasts as long as 200 hours, and it takes about 3.5 hours to renew its energy. An easy-to-read LED display provides information on battery status.

Practical grip

The innovative design of the speaker with integrated phone holder provides exceptional convenience and functionality. From now on, you can freely use the device without burdening your hands.

Convenient operation and wide compatibility

The large button allows intuitive operation. The Joyroom speaker is the ideal solution for people who appreciate simplicity and convenience. In addition, it stands out for its wide compatibility. It works with iPhone 14, 13, 12, 8-11 series, as well as Samsung S23, S22, Galaxy Note20 and 10. You can also enjoy its functionality if you use an iPad Pro, iPad Air, iPad, iPad Mini, Kindle e-book reader or Galaxy Tab.
