Flashlight Superfire MX16, 600lm, 500mAh, USB-C

Ref: 6974760351839

Flashlight Superfire MX16, 600lm, 500mAh, USB-C

Superfire MX16 workshop flashlight

The practical Superfire MX16 flashlight is great for many situations. It has 4 light modes, and its brightness reaches 600 lm. The built-in rechargeable battery provides up to 2 hours of operation, and you can easily charge it with a USB-C cable (included) when needed. It's extremely lightweight and compact, so you can carry it with you at all times. Also noteworthy is its waterproof design (IP44) and bottle opener function.

4 lighting modes

Match the lighting to your needs. The device offers 4 lighting modes, which you can easily change by pressing the button on the side of the case. At your disposal are Turbe, Strong, Low and Strobe modes. Now you can easily adjust the light to the prevailing conditions!

Convenient charging

Use the flashlight for up to 2 hours. You can easily charge the built-in 500 mAh battery using the USB-C cable included in the package. You will be informed about the charging status by a special light indicator - red color means charging, while green color means that the device is ready for use again.

Compact design
