

## Joyroom JR-ZS219 Car Holders SET with Qi Inductive Charger (

Ref: 6941237175335

Joyroom JR-ZS219 Car Holders SET with Qi Inductive Charger (Black)

Joyroom JR-ZS219 grip set with Qi inductive charger (black)

Charge your smartphone and use navigation with the Joyroom JR-ZS219 grip set. The holders support inductive charging and fit most smartphone models. They provide special safety features, so you can be sure that using them is safe. One of them is compatible with horizontal air vents, and the other you can mount on the dashboard. What's more, both automatically close when you place your device in them. They also provide stability, so you don't have to worry about damaging your equipment.

### Fast, safe charging

With the Joyroom JR-ZS219 holders, you'll charge devices such as an iPhone in about 3 hours or an LG in less than 2 hours. What's more, the products provide protection against overcharging, overvoltage, overcurrent and overheating, so you can rest assured that your device is safe. Note: fast charging requires the purchase of a car charger that supports fast charging protocols such as QC2.0/3.0. Only a USB-C cable is included.

### Wide compatibility

Joyroom JR-ZS219 car mounts are compatible with all models of smartphones whose screen diagonal ranges from 4.7" to 6.8". They will therefore fit devices such as the LG G8 ThinQ, Samsung Galaxy S20+ or iPhone 12 Pro.

### Thoughtful design

The products are designed to be convenient to use. The holders will automatically close when you place your smartphone in them. To open them, all you have to do is press the dedicated button. What's more, they automatically adjust the charging power to the device model, and the silicone finish protects your equipment from scratches. The mount, which you can mount on your dashboard, additionally allows you to adjust the length up to 5.7" and the angle within 360°. You can also repeatedly change its position.

Included:
