

## TESSAN Power strip TPS03

TESSAN Power strip TPS03

Ref: 6975799312129

TESSAN Power strip TPS03

Enjoy more convenient charging and powering of your devices. The TESSAN TPS03 power strip is perfect for both home and office. It allows you to use as many as 8 AC outlets and 3 USB-A ports, and thanks to its carefully considered design, it takes up little space. It also ensures safety of use - it has been equipped with reliable surge protection. Its additional advantage is 4 rubber pads that prevent it from sliding on the surface of a desk or table.

Connect up to 11 devices at the same time

The TPS03 power strip will allow you to connect up to 11 devices at the same time. So you can charge your smartphones and wireless headphones at the same time, as well as power laptops, lights or desk fans. You can use up to 8 outlets and 3 USB-A ports, which intelligently adjust the current parameters to the requirements of the plugged-in equipment, thus ensuring fast yet safe charging. With TESSAN you will forget about limitations!

Make it easy for yourself to save electricity

Have the assurance that the power strip works only when you actually need it. The TPS03 has a built-in small switch that allows you to conveniently turn the power on and off. This way you can save electricity! The device is also equipped with a special light indicator. It provides information about the status of the strip - when the power is on, it shines with a soft light.

#### Safety of use

Durable, flame-retardant plastic was used to make the strip, making it very durable and resistant to damage. It is also distinguished by a high-quality copper wire cable (16 A), which guarantees efficient, safe charging and power supply. The TPS03 also received special surge protection (1700 J). This means you don't have to worry about lightning and power surges.

#### It won't take up too much space

Forget about large, impractical strips - the TPS03 model is designed not to take up too much space. Its dimensions are only about 16.1 x 11.4 x 11.4 cm, so it will fit perfectly even on a smaller desk or table. In addition, the non-slip pads placed on the bottom make sure that the device stays firmly in place.
