Earbuds True Wireless Joyroom JR-PB2 (White)

Ref: 6956116772703

Earbuds True Wireless Joyroom JR-PB2 (White)

The earbuds use 13mm drivers to deliver HiFi-level sound. What's more, Bluetooth 5.3 guarantees a stable connection without interference, and the durable batteries allow for up to 28 hours of use (including the charging case). In addition, the earbuds are lightweight, comfortable and water-resistant. Moreover, low latency ensures better immersion during gameplay. In turn, operation will be made easier for you by the touch panels.

Reliable connection and low latency

Listen to your favorite tunes without interference. Joyroom JR-PB2 support Bluetooth version 5.3, which translates into a stable connection without interference and low power consumption. What's more, low latency ensures better audio and video synchronization in games and while watching movies.

User-friendly

Use the earbuds as much as you need without feeling tired or uncomfortable. Joyroom JR-PB2 are distinguished by their lightweight design - a single earphone weighs 3g. What's more, they are IPX4 water-resistant, so you can use them in the rain or during a workout. Operation, on the other hand, is facilitated by touch panels.

Up to 18 h of operation and fast charging

The earbuds are equipped with heavy-duty rechargeable batteries that allow them to run for up to 6 h on a single charge, while the case extends playback time to 28 h. A 10-minute charge, on the other hand, will allow you to use the JR-PB2 for about 1 h. To fully renew the energy of the earbuds, you need 1.5 h.

Manufacturer

Joyroom

Model

JR-PB2

Color

white

Type

in-ear

BT version

V5.3

Chip

Jieli AD6973D

Audio codecs

AAC, SBC

Supported protocols

HSP, HFP, A2DP, AVRCP

Operating frequency

2402-2480 MHz

Earphone battery capacity

30 mAh

Battery capacity of the case

300 mAh

Impedance

32Ω

Rated power

2x 3 mW

Transducer diameter

13 mm

Music playback time

earbuds: about 6 hours (70% volume); case: 28 hours (70% volume)

Talk time

Approximately 4 hours (70% volume)

Standby time

approximately 48 hours

Charging voltage of the earbuds

5V□50mA

Charging voltage of the case

5V□500mA

Charging port

USB-C

Charging time of earbuds / case

Approximately 1.5 hours

Waterproof

IPX4

Material

ABS, PC

Earphone weight

3 g

Weight of the set

29 g
