FM Transmitter for Car Joyroom JR-CCB01, Dual-Mic, 48W (Black)

Enhance your driving experience with this advanced accessory that combines hands-free calling, crystal clear sound, and fast charging. The Joyroom JR-CCB01 car transmitter allows you to make calls while driving, thanks to dual microphones with noise reduction. What's more, it features USB-A and USB-C ports and supports fast charging protocols, allowing you to quickly recharge your devices.

Dual Microphone

Equipped with a dual microphone with noise reduction technology, the JR-CCB01 ensures smooth conversations without annoying background noise. Now you can be confident that your caller will hear you clearly. Furthermore, it delivers high-quality audio playback, highlighting bass tones. Additionally, the convenient knob allows you to adjust the volume, tailoring the sound to your preferences.

Fast Charging

Charge your devices rapidly while on the road. The transmitter offers both USB-A and USB-C ports, allowing you to connect 2 devices simultaneously. Moreover, the PD 30W and QC3.0 18W fast charging protocols enable you to quickly replenish device power.
