

Wired Earphones Joyroom JR-EC05, Type-C (White)

Ref: 6956116770136

Wired Earphones Joyroom JR-EC05, Type-C (White)

Joyroom wired in-ear headphones JR-EC05, Type-C (White).

Listen to music wherever you want! The Joyroom JR-EC05 headphones feature large 14.2mm drivers that deliver fantastic sound quality. The ergonomic design guarantees long-lasting comfort, and the built-in microphone allows you to talk freely with your loved ones. Their operation will be facilitated by the remote control integrated into the cable.

For listening to music and phone calls

Immerse yourself in the sounds of your favorite songs! The headphones are equipped with 14.2-millimeter drivers, which are responsible for high quality sound reproduction. Thanks to this, you can enjoy perfect tone balance and incredible richness of details. However, that's not all! The headphones have a built-in omnidirectional microphone that reliably records your voice, allowing you to carry on conversations even in noisy places.

Convenient operation

You no longer have to reach for your smartphone every time to change a song! The headphones have a practical remote control that will make their operation even easier. With it you can stop and resume playback, adjust the volume, manage calls or activate the voice assistant.

Ergonomic design

The headphones will delight you with their carefully considered design. Their ergonomic design provides dreamlike comfort during hours of music playback - you don't have to worry about feeling tired or uncomfortable. They fit perfectly to the shape of the ear and do not fall out of the ear. As a result, they are also perfect for intense workouts at the gym.
