

## Wired Earbuds Joyroom JR-EC06, Type-C (Gray)

Wired Earbuds Joyroom JR-EC06, Type-C (Gray)

Ref: 6956116770150

### Joyroom JR-EC06 Wired In-Ear Headphones, Type-C (Gray)

The Joyroom JR-EC06 wired headphones feature built-in 10-millimeter dynamic drivers that deliver HiFi-quality sound. Thanks to the omnidirectional microphone, they allow you to make calls, and the remote control will make them easy to use. They are compatible with most popular devices with a USB-C port.

### High-quality sound

The headphones are equipped with 10mm dynamic drivers that are responsible for excellent sound quality, allowing you to enjoy powerful bass and richly detailed sound. The Joyroom JR-EC06 also feature a built-in sensitive microphone that reliably records your every word. So you can rest assured that your interlocutors will hear you, no matter where you are.

### Even easier to use

Operating the headphones won't be a challenge for you. The remote control integrated into the cable will make it easy for you to manage the player and calls. Use it to conveniently adjust the volume, answer calls, change music tracks or activate the voice assistant.

### Durable, ergonomic design

The JR-EC06 is designed for maximum comfort in use. Thanks to their specially designed design, they stay firmly in your ears for

long-lasting comfort. The set also comes with 3 pairs of interchangeable rubber bands in different sizes, so you can adjust them even better to your preferences. High-quality materials were used for the cable, which features high durability and wear resistance, and prevents tangling.
