

### Wired Earphones JR-EW04, Half in Ear (Black)

Wired Earphones JR-EW04, Half in Ear (Black)

Ref: 6941237119483

Joyroom JR-EW04 wired in-ear headphones, (Black).

Don't let mediocre sound quality take away from your music listening pleasure. Opt for the versatile Joyroom JR-EW04 headphones and enjoy deep sound. They provide a perfect fit to the shape of your ear and are equipped with a built-in three-button remote control for easy operation, as well as a sensitive microphone for crystal clear phone calls. Plus, the universal 3.5mm connector makes them compatible with a wide range of devices.

#### Exceptional comfort

A key element of the headphone experience is comfort. The ergonomic design of the headphones makes them fit the shape of your ear perfectly, ensuring comfort no matter how long you use them.

#### Control at your fingertips

The built-in three-button remote lets you easily control music, calls and voice assistant, all without having to take your phone out of your pocket. Opt for proven solutions and enjoy hassle-free operation.

#### Crystal clear calls

You don't have to worry about call quality, even in noisy environments. The built-in sensitive microphone ensures that your conversations

are always crystal clear. Your voice is accurately recorded, so your callers will always hear you clearly.

#### Music experience at the highest level

The JR-EW04 offer exceptionally detailed sound that will capture the attention of any music lover. The  $\phi$ 14.2mm speakers with a frequency range of 20Hz to 20KHz deliver rich and balanced sound. From deep bass to bright and clear treble! So you can listen to your favorite songs while enjoying every sonic nuance.

#### Universal audio connector

The 3.5mm connector makes the JR-EW04 headphones compatible with a wide range of devices. This makes them an ideal choice, whether you plan to connect them to your phone, tablet or laptop. Enjoy a reliable connection without interference!
