Charger Joyroom JR-TCF05 Flash, 20W + C to L Cable 1m (White)

Joyroom power charger JR-TCF05, 20W C to L cable 1m (white)

Want to charge multiple devices quickly and safely at the same time? With the Joyroom mains charger it will be possible! It is equipped with two outputs, so it is compatible with different fast charging protocols. With its help you will renew energy not only in your phone, but also in your iPad or game console. See what convenience Joyroom can offer you!

### Fast charging

The Joyroom mains charger is the quintessence of efficiency, offering fast charging with up to 20 watts of power. Compatible with various fast charging protocols such as PD3.0, QC3.0, Samsung AFC and Huawei FCP, it is able to adapt to the needs of a wide variety of devices. What's more, with the ability to charge two devices simultaneously, you gain even more freedom and save time. The intelligent chip that the charger is equipped with takes care to deliver the right amount of current to each device, ensuring not only fast, but also safe charging.

### Safety guarantee

User safety is a priority, which is why the Joyroom mains charger is equipped with advanced protection mechanisms. It protects against interference, overvoltage, excessive temperature and overcurrents, ensuring stable and safe charging. In addition, the fireproof case protects against the risk of short-circuiting. With these measures, you can rest assured that your devices are in good hands.

### Comfort of use

The Joyroom mains charger not only protects your devices, but also offers wide compatibility. It is ideal not only for phones, but also for iPads, headphones or even game consoles. All this is contained in a compact format measuring 83 × 26.5 × 40 mm, making it extremely practical and easy to store or transport. What's more, you'll find a 1-meter long USB-C to Lightning cable included, making the use of the mains charger even more enjoyable. Safety and functionality go hand in hand here, ensuring complete user satisfaction.
