

Fast Charger JR-TCF09 (EU), 40W 2C (Black)

Fast Charger JR-TCF09 (EU), 40W 2C (Black)

Ref: 6941237111777

Joyroom network charger JR-TCF09 (EU) (black).

Looking for a universal charger with which to expressly charge your smartphone? The Joyroom JR-TCF09 network charger is sure to meet your expectations! It supports fast PD charging with up to 40 watts of power. It is equipped with two USB-C ports, and thanks to its multi-level protection, you don't have to worry about the safety of your devices.

Instant charging for 2 devices

Now charging will take you even less time than ever before. The charger offers fast charging with up to 40 watts of maximum power, and with two USB-C ports, you can renew the power of 2 devices at the same time without hassle. It only takes 1.3h to charge your iPhone 14 Pro and Samsung S23 Ultra to 100%.

No worries about security

The Joyroom charger provides not only fast, but also safe charging for your devices. It is equipped with 6-level safety features that effectively protect against overcurrent, overvoltage, short-circuits and overheating, among others. High-quality materials have been used in the construction of the charger, which is characterized by fire resistance.
