

Fast Charger JR-TCF10 (EU), 32W 2C1A (Black)

Fast Charger JR-TCF10 (EU), 32W 2C1A (Black)

Ref: 6941237111807

Joyroom JR-TCF10 (EU) mains charger (black).

The Joyroom JR-TCF10 is a reliable charger that's great for charging various devices quickly and safely. It offers 2 USB-C ports and a USB-A port, so you can seamlessly charge up to 3 devices at the same time. Its maximum charging power reaches 32 watts, and thanks to its wide compatibility, you will successfully use it to renew the energy of many popular devices, including phones, laptops, TWS headphones, smartwatches and more.

Quickly charge several devices

Forget about waiting indefinitely for one device to be ready to plug in another! The Joyroom charger has 3 USB charging ports - 2x USB-C and USB-A. This means that you can simultaneously renew the energy of several devices. What's more, the maximum charging power reaches 32 watts, so charging your smartphone won't take long.
