

## Charger Joyroom JR-TCN04, 2.1A (EU) 2 USB (White)

Ref: 6941237100214

Charger Joyroom JR-TCN04, 2.1A (EU) 2 USB (White)

Charger Joyroom JR-TCN04, 2.1A (EU) 2 USB (White)

With the Joyroom charger you can charge up to 2 devices at the same time - there are 2 USB-A ports at your disposal. The product provides up to 2.1 A and guarantees safe use. It is also distinguished by its compatibility with many devices of well-known brands.

Charge 2 devices at the same time

Now you only need one charger to charge 2 devices at the same time. The JR-TCN04 offers 2 USB-A ports to which you can connect your smartphone and tablet, for example. In addition, the 2.1A amperage means you don't have to wait too long for your devices to be ready for use. With Joyroom you will save time!

For the sake of safety

The JR-TCN04 charger is not only about performance, but also about safety. The product provides multi-level protection against overcurrent, overvoltage, overheating and short circuit, among others. What's more, the device's housing was made of flame-retardant PC plastic with high durability, which helped to increase its durability.

Compatible with your devices

You can easily charge most of your devices with the charger. The product is compatible with all kinds of equipment from well-known

brands - it will work perfectly with smartphones, tablets, headphones, powerbanks, speakers, smartwatches and more.
