Cable Colorful 3A USB to Lightning SA29-AL3 / 3A / 1,2m (pink)

Colorful 3A USB to Lightning Joyroom cable SA29-AL3 / 3A / 1.2m (pink).

The Colorful Joyroom cable offers 3A charging and up to 27W of power. It allows not only fast charging, but also data transmission between selected devices at 480 Mbps. The cable's material is extremely soft and flexible. It is compatible with most devices that feature a Lightning port.

Fast charging

Looking for a way to quickly charge your devices? The Colorful cable is the perfect solution! It provides 3A and 27W of power, so you can charge your iPhone 14 Pro up to 45% in as little as 30 minutes. The cable also allows you to sync and transfer files at speeds of up to 480 Mbps.

Damage-resistant

Liquid silicone was used to make the cable, which is extremely soft yet flexible. Not only does it not get tangled or deformed, but it also stands out for its durability and resistance to everyday wear and tear. What's more, its connectors have been further reinforced to prevent breakage.
