Ref: 6936761868709

External Hard Drive Enclosure Orico, HDD/SSD 2.5" USB3.0 typ

Orico external HDD/SSD enclosure for 2.5"

Conveniently back up your most important files, watch HD videos, save photos and transfer data. Orico's 2.5" SSD/HDD external enclosure features a lightning-fast USB 3.0 interface and supports capacities up to 2TB. Easy to install and durable, it provides unparalleled comfort and security. The product is made of ABS, which is pleasant to the touch and resistant to damage.

Easy installation and wide compatibility

Mounting the case is fabulously easy and fast. You don't even need to use any additional tools! The product is compatible with most 2,5" HDD and SSD (up to 9.5mm). It works perfectly with Windows and Mac OS. The plug&play system means you can simply plug the device into your computer - say goodbye to complicated, time-consuming setups!

Small size - huge possibilities

Are you running out of space to store the files you need? With the Orico enclosure you will quickly forget about such problems! The product supports hard drives with a capacity of up to 2TB. It is enough to store plenty of high quality photos, HD movies, favorite songs or important documents. The large capacity of the case goes hand in hand with its compact size - it will not take up too much space on your desk.

Durable USB cable - even greater performance

The device comes with a premium USB 3.0 cable equipped with the copper core which provides unmatched performance and perfect synchronization. Thanks to it you can enjoy the incredible speed and extremely stable connection. The cable is also extremely durable, so you do not have to worry about its rapid damage.

Solid design

The case is made of eco-friendly ABS plastic, which is non-toxic and environmentally friendly. It provides efficient heat dissipation and is distinguished by extremely low susceptibility to damage. The grid texture makes the device pleasant to the touch and non-slip, and the case is easy to maintain - no fingerprints will remain on it and you will have no problem cleaning it.

Reliable security system

Orico also offers total user safety. A special system provides effective protection against overcurrent, overvoltage, overheating, leakage and short circuit, among others. All this gives you the assurance that your hard drive is properly protected against damage, and the risk of data loss is minimized.
