

Smart WiFi Hub Meross MSH300 (HomeKit)

Ref: 6973696569721

Smart WiFi Hub Meross MSH300 (HomeKit)

Smart WiFi Hub Meross MSH300 (HomeKit)

Simplify managing your smart home with the Meross MSH300 gateway. This gateway allows you to connect devices such as sensors and thermostats to your existing Wi-Fi network, making it convenient to control them remotely, for example, through the Meross app. The product is also compatible with Apple HomeKit. The gateway supports both Wi-Fi 802.11n and 433 MHz, giving you greater flexibility. It also features a compact design that won't take up much space in your home.

Wide Compatibility, Many Possibilities

The gateway allows you to connect up to 16 devices, so you don't have to limit yourself. It is compatible with devices such as the Meross MS100 temperature and humidity sensor, the Meross MS400 water leak sensor, and the Meross GS559A smoke sensor. It enables convenient management of selected equipment via your smartphone. You can use the Meross app or the Apple HomeKit ecosystem for this purpose. Now, everything you need is at your fingertips!

Brand

Meross

Model

MSH300

Input

5 V DC, 500 mA min.

Dimensions

59 x 41 x 21 mm

LED

1x LED status indicator

Buttons

1x power button

Antennas

1x internal Wi-Fi antenna, 1x internal 1T1R 433 MHz RF antenna

Wireless Communication Standard

IEEE 802.11 b/g/n, 2.4 GHz;

1T1R 433 MHz RF;

Security

Support for 64/128 bit WEP, WPA-PSK, WPA2-PSK

*Product does not support Enterprise Wi-Fi.

Supported Systems

iOS 13 and newer, Android 6.0 and newer
