Travel adapter Tessan WTA-01

Ref: 6975799319999

Tessan WTA-01 travel adapter

The Tessan WTA-01 travel adapter is an indispensable accessory when traveling abroad! Equipped with different types of plugs, it will allow you to conveniently power your chosen devices almost anywhere in the world. It also has 3 USB ports, and its maximum power reaches 2500 watts. Its small design means it won't take up much space in your luggage.

Fast charging of 3 devices

With the Tessan WTA-01 travel adapter, you no longer have to choose which of your devices to charge first. With 2 USB-A ports and a USB-C port, you can charge up to three devices simultaneously with up to 12 watts of power. This means your smartphone, tablet and laptop can be up and running even faster. What's more, the USB-C port allows you to charge at up to 15 watts and 3A - that's up to 3 times faster compared to original chargers.

An indispensable travel companion

The Tessan WTA-01 is the perfect solution for travelers. Equipped with four types of plugs - EU, UK, AU and US - the adapter is ready to work in almost any corner of the world. Whether you're in Europe, the UK, Australia or the US, you can power your equipment with peace of mind. You can successfully connect your tablet, wireless headphones, smartwatch or camera to it.

It will take care of the safety of your devices

Have confidence that your devices are properly protected. Travel adapter Tessian WTA-01 is a guarantee of safe use of electronics in any region of the world. It has a replaceable fuse rated at 250V/10A, which means your equipment is protected from dangerous surges or voltage spikes that could damage it.
