

Portable wireless charger for smartwatch Joyroom JR-WQW01 20

Ref: 6956116766993

Portable wireless charger for smartwatch Joyroom JR-WQW01 2000mAh black

Joyroom JR-WQW01 2000mAh Wireless Smartwatch Charger (black).

Stock up on the Joyroom JR-WQW01 and enjoy the maximum performance of your smartwatch wherever you are! The charger can wirelessly charge your Apple Watch with 3 watts of power, and with its compact size and light weight, it's the perfect travel companion.

Even faster charging

Enjoy the wireless freedom of charging! The Joyroom charger offers charging with up to 3 watts of power, so you can renew your smartwatch's energy up to 50% in as little as 30 minutes (depending on your model). Simply place your smartwatch on the charger and the charging process will start automatically!

Always on standby - 2000 mAh capacity

Have confidence that your smartwatch will always be ready for any adventure! Joyroom JR-WQW01 has a built-in battery with a capacity of 2000 mAh, which means that you will successfully renew your smartwatch's energy at least several times. What's more, a small display will inform you about the battery's charging status, so you'll never again be surprised by an unexpected discharge at the least opportune moment.

Compact design, full compatibility

The charger's compact design means you can take it with you anywhere. Put it in your pocket, purse or backpack, and rest assured that your smartwatch will never let you down. Joyroom JR-WQW01 also guarantees full compatibility with various Apple Watch models. Whether you own the latest model or an older version, the charger will make sure that your watch is always ready for action.
