

## Wireless Game Controller iPega PG-P4008

Wireless Game Controller iPega PG-P4008

Ref: 6987245340082

Wireless Game Controller iPega PG-P4008

The wireless controller from iPega connects to your device via Bluetooth, and the wide compatibility increases the possibilities of use. In addition, the controller has built-in LEDs to give the device an interesting look.

Bluetooth 2.1

With Bluetooth 2.1, you don't have to worry about game interruptions due to signal loss. Blue 2.1 + EDR wireless connection technology provides a stable signal within a radius of 8 meters without delays or interruptions. Strong anti-interference ensures that other devices will not affect the controller's proper operation. You don't need additional controllers to connect the PG-P4008 to your device, allowing for an even more convenient user experience.

Wide compatibility

The PG-P4008 is compatible with PS4, PS3 and PC. The controller also works with Android and iOS operating systems.

Full control

The controller features a built-in 3D acceleration sensor and six-axis detection for precise control. The gyroscope recognises the controller's position in space, so you can react by moving the controller. In addition, the grips made of non-slip material ensure comfort

even during longer games.

#### Powerful battery

With a 400mAh battery, you can play for up to 12 hours on a single charge. Charging time for the controller is just 2 hours. The device remains in standby mode for up to 30 days after a full battery charge. In addition, the set includes a micro USB cable, through which you can charge the device.

#### Built-in speaker and headphone jack

The controller from iPega has a built-in speaker and a 3.5mm headphone jack. This allows you to hear every sound coming from the game, and with headphones plugged in, you can play late into the night without disturbing others.

#### Touch control

The PG-P4008 has a built-in touchpad for even more gaming comfort. The touchpad is ideal for playing games such as shooters.

#### Included:

Gamepad
