USB-C 2.0 to USB-C 5A Cable Vention TAWGG 1.5m Light Green Silicone

Vention TAWGG USB-C 2.0 to USB-C 5A cable 1.5m (green)

Now your devices will be ready to go even faster than you think. The Vention cable is compatible with a range of devices that feature a USB-C port - it will work well for charging smartphones, laptops or tablets. It provides instant renewal of power with up to 100 watts and data transfer speeds of up to 480 Mbps. The built-in smart chip takes care of the maximum level of safety of use, and the high quality workmanship ensures that the cable will serve you great for a long time.

Faster than you think

Don't wait indefinitely for your phone to be ready to use. The Vention cable offers fast charging with a maximum power of up to 100 watts. It also supports the Power Delivery protocol and Huawei Honor SuperCharge. All this means you'll charge your MacBook Pro 2022 to 100% in about 2 hours!

High quality workmanship

The Vention cable will impress you with its extremely durable construction. TPE plastic and silicone were used to make it, so the cable is extremely pleasant to the touch and resistant to dirt. It does not tangle, and its connectors have been additionally reinforced to prevent kinking.
