

### HDMI to VGA adapter Mcdodo CA-7770, 2m (black)

HDMI to VGA adapter Mcdodo CA-7770, 2m (black)

Ref: 6921002677707

HDMI to VGA adapter Mcdodo CA-7770, 2m (black)

Do you want to watch movies on the big screen? Or show your professionalism at work by giving a presentation? The HDMI to VGA adapter by Mcdodo will allow you to turn your own home into a cinema, full immersion in games and open up many possibilities! You will delight in 1920 x 1080 p video and several playback modes. What's more, thanks to the fact that the cable length is 2 meters, you will freely connect the devices of your choice.

Connect the devices of your choice

The Mcdodo adapter is widely compatible, so you can use it with many popular devices. You'll connect the HDMI connector to laptops, PS3, Mi Box, Apple TV3 and MediaQ M310. And the VGA jack is compatible with TVs, monitors and projectors. Say goodbye to limitations and enjoy the many possibilities offered by the Mcdodo product!

Enjoy various modes

Delight in the 1920 x 1080 p image in up to 3 different modes! Same screen mode allows you to display the image from a small screen on a larger screen. Split screen allows you to display a different image on the small and large screen at the same time. The last mode -

Multi-screen splicing - makes you achieve a cinematic effect by displaying images from several monitors on one large screen. You can easily connect your PS4 or Switch to the big screen and enjoy full immersion in your favorite games!

#### Solid construction

Mcdodo's product is made of durable materials, so it's impervious to damage, sturdy and will serve you for a long time. The plugs have been coated with 24K gold. The adapter ensures reliable and stable transmission. What's more, thanks to its multi-layer protection, its use is completely safe.
