Phone holder (Plus) PGYTECH for DJI Osmo Pocket / Pocket 2 (P-18C-029)

Ref: 6970801335202

Work wider than usual

Designed specifically for the DJI Osmo Pocket, the smartphone mount (Plus version) protects the data port from bending or breaking off. In addition, thanks to Cold shoe and 1/4-inch mounts, we can install external devices such as a light, microphone or tripod. A silicone non-slip coating keeps the mounted equipment in place during transport. Unlike the basic version, it is made entirely of high-quality aluminum.
