

Waterproof Backpack 18L K&F Concept Beta V3

Waterproof Backpack 18L K&F Concept Beta V3

Ref: 6975482326242

Photographic Backpack 18L K&F Concept Beta V3

The K&F Concept Beta V3 photographic backpack is suitable for any adventure with your camera, camcorder, or drone. Despite its lightweight design, it weighs only 950 g and offers a capacity of 18 liters, allowing you to comfortably store two cameras, a drone, a laptop, and accessories, among other items. Its waterproof surface makes it resistant to challenging weather conditions.

Convenient Equipment Transport

You don't have to limit yourself when packing your gear. The K&F backpack provides a capacity of 18 liters, allowing you to store two cameras, a drone, a laptop up to 15.6 inches, four additional lenses, various accessories, and clothing. The interior is made of EVA material, ensuring effective protection against scratches.

Waterproof Construction

Thanks to the use of high-quality materials, the K&F Concept Beta V3 backpack is exceptionally durable. It is equipped with a rain cover that provides protection for your equipment in all weather conditions.

Quick Access to Equipment

The innovative backpack opening system allows for quick access to your equipment, which is crucial in dynamic photographic situations.

You can be confident that you won't miss the opportunity to capture a unique shot!

Comfortable Carrying

The backpack is equipped with wide straps that provide comfort even with heavy loads. Its neutral design makes it suitable for both professional photography applications and everyday use. Moreover, it weighs only 950 g, so it won't be an unnecessary burden during long hikes.
