

Case For Filter Set 67-82 mm K&F Concept

Case For Filter Set 67-82 mm K&F Concept

Ref: 6975482320851

K&F Concept 67-82mm Filter Kit Case

Have all your essential filters at hand. The K&F Concept case protects your accessories with its waterproof construction and allows for quick response to changing lighting conditions, no matter where you're shooting. It's an ideal choice for professionals and enthusiasts who value mobility and don't want to miss any opportunity to capture the perfect shot.

Convenient Storage for Multiple Filters

The K&F Concept case allows you to store a set of 3 circular filters with a maximum diameter of 82mm. You can keep all your accessories in separate pockets to protect them from scratches and damage.

Compact and Portable

The product features a foldable design. When folded, it is similar in size to a wallet, measuring 110 x 106 mm, making it easy to fit into most camera bags.

Solid Protection and Waterproofing

Separate compartments prevent filter damage from scratching, and the material made from waterproof fabric further protects accessories from moisture and liquids.

Easy Access

With the K&F Concept case, you can enjoy quick and easy access to all your filters, enabling efficient fieldwork.

Additional External Pocket

On the outside of the case, there is an additional pocket where you can store small items such as cleaning cloths, memory cards, and other accessories.
