Jimi Home X1-H Cleaning Tool Set

Do you want to conveniently and quickly wash dishes, however not only? With the Jimi Home device it will be possible! With X1-H you will successfully wash pots, bowls, as well as deal with difficult stains from oil vapor or other heavy dirt. What's more, you will also easily wash hard-to-reach corners. See what else Jimi Home can offer you!

For the demanding

If you expect top-quality work and excellent performance, the Jimi Home X1-H cleaning tool set is the answer to your needs. This choice device has as many as 3 different gears, ensuring effective and fast cleaning. In addition, it is equipped with a convenient switch and light indicators that indicate the current speed and operation of the equipment, giving you full control over the device. Installation of accessories is intuitive and fast. Powered by a 2000 mAh battery, the tool works long and efficiently, meeting the expectations of even the most demanding users. You also don't have to worry when its energy runs out, as it is charged via a USB-C cable

Dedicated accessories

Included in the kit you will find interchangeable tips to make your daily cleaning easier. Use the Velcro base to attach sponge tips or brushes. To clean pots and bowls attach a sponge pad, and to deal with tough oil stains, choose a scrubbing pad. Use a pointed brush to clean the sink, stove or oven, while a flat brush for crevices, faucets and corners. A rounded brush and a sponge brush are good for

sanitizing surfaces. Want to sharpen your knives? Use a knife sharpener! All this makes this set will help you in your daily life and become an integral part of your kitchen!
