Delux M618XSU wired vertical mouse 4000DPI RGB

The Delux M618XSU is a vertical mouse that guarantees the maximum level of comfort even for long hours of sessions in front of the computer. The device allows 5-position adjustment of the DPI up to 4000 and the refresh rate. The ergonomic design of the mouse will reduce pain in the wrist, while the coloured backlighting gives it an original touch.

### High precision

Adjust the mouse performance to your requirements and enjoy unparalleled precision! The mouse offers 5 levels of DPI adjustment, making it perfect for both everyday work and exciting gameplay. It also allows you to adjust the refresh rate, as well as the programming of selected buttons.

### With comfort in mind

Forget about tiring wrist pain! Thanks to its ergonomic design, the mouse sits perfectly in your hand, providing the comfort you dream of, even during long gaming sessions without feeling tired. It features a special knob that allows you to operate the mouse with your thumb. It also comes with a special magnetic stand to further enhance your comfort. In addition, the mouse is covered with a special non-slip material, giving you even more control over its operation.

### Colourful backlighting

The M618XSU model is equipped with coloured backlighting, which not only gives the mouse a unique character, but will be an interesting decoration of your desk! You can also easily customise it to your preference by downloading special software (only available for Windows users).
