Wireless gaming mouse + charging dock Dareu A955 RGB 400-12000 DPI (black)

Ref: 6950589913847

Dareu A955 RGB Wireless Gaming Mouse + Charging Station 400-12000 DPI (black)

Choose the Dareu A955 mouse and gain an edge over your opponents. The product uses an optical sensor and PBS technology, which translates into reliability and precision. What's more, you will connect the product to a compatible device in 3 ways, and the included charging station will allow you to prepare it for use again. In turn, the long-lasting battery ensures long working time, and the RGB backlighting gives the set a unique touch.

Several connection options

Choose the connection method that suits you and enjoy comfortable work. The Dareu A955 mouse connects via a USB-C cable or wirelessly via 2.4G band and Bluetooth. What's more, it is compatible with Windows, Android and iOS.

Full control

Work and play without interference. The Dareu A955 wireless gaming mouse uses the AIM-WL optical sensor, which is responsible for the device's high performance. What's more, you can adjust the resolution from 400-12000 DPI to customize its performance. In addition, the maximum acceleration of the mouse is 35G.

Durable battery and charging station

The Dareu A955 mouse is equipped with a lithium battery with a capacity of 930 mAh, which ensures a long operating time. As a result, you can use it for about 12 days - if you use the 2.4G band, or about 30 days when you pair it with your equipment via Bluetooth. Charging the mouse will be facilitated by the included docking station - after about 2.-2.5 h it will be ready for further use.
