

## Wireless gaming mouse + charging dock Dareu A950 RGB 400-120

Ref: 6950589912956

Wireless gaming mouse + charging dock Dareu A950 RGB 400-12000 DPI (black)

Dareu A950 RGB Wireless Gaming Mouse + Charging Station 400-12000 DPI (black)

The Dareu A950 wireless mouse uses an optical sensor and KBS II technology, which translates into reliability and precision. What's more, you'll connect the product to a compatible device in 3 ways, and the included charging station will allow you to prepare the mouse for use again. On the other hand, the lightweight and ergonomic design provides comfort, and the RGB backlighting gives the set a unique character.

3 ways to connect

Wired or wireless - play as you are comfortable. The Dareu A950 mouse connects via USB-C cable or wirelessly via 2.4G band and Bluetooth. As a result, you can enjoy a stable connection. What's more, it's compatible with Windows, Android and iOS.

Precision

Work and play without worrying about interference. The Dareu A950 Wireless Gaming Mouse is equipped with an AIM-WL optical sensor, which translates into high performance of the device. What's more, you can adjust the resolution in the range of 400-12,000 DPI to match its operation to your needs. In addition, the maximum acceleration of the mouse is 35G.

Long working time, charging station

The Dareu A950 mouse is equipped with a lithium battery with a capacity of 930 mAh, which ensures a long working time. As a result, you can use it for about 12 days - if you use the 2.4G band, or about 30 days, when you pair it with your equipment via Bluetooth. Charging the mouse will be facilitated by the included docking station - after about 4 h it will be ready for further use. You can also charge it via USB cable - in this case the charging time is 2.5 h.
