HiFuture FutureFit Ultra3 Smartwatch Black

Ref: 6972576181466

HiFuture FutureFit Ultra3 smartwatch (black)

The FutureFit Ultra 3 is an indispensable everyday companion! It features a clear 2-inch display that will make it easier to use. It continuously monitors your health, and with more than 100 sports modes you will take care of your physical activity. It works for up to 7 days on a single charge, and thanks to its IP68 water resistance, it can accompany you on any adventure.

Clear, easy-to-read display

Operation of the smartwatch will be facilitated by a 2" TFT touchscreen display with a resolution of 240 x 296. Thanks to the intuitive interface, navigation through functions and applications becomes extremely easy. Effortlessly view notifications, launch apps, and control various settings with simple gestures. You can also customize the appearance of the display to suit your preferences by choosing from the available dial designs.

Take care of your health

Now you have full control over your health. The smartwatch monitors your heart rate 24 hours a day, so you can instantly spot any abnormalities and take appropriate measures. It also monitors your blood oxygen saturation levels, measures your stress levels, and offers sleep monitoring so you can track the quality and length of your sleep, and optimize your sleep for better well-being.

With athletes in mind

Ultra 3 is a reliable workout partner to help you achieve your goals. It offers more than 100 sports modes, so whether you're passionate about running, cycling or prefer other sports, it's ready to meet your needs. The smartwatch also provides daily activity reports so you can keep track of your progress.

Stay connected

Make phone calls without having to take your phone out of your pocket. The FutureFit Ultra 3 smartwatch gives you the freedom to make calls no matter where you are. With the ability to dial contacts from the smartwatch, you can connect with the person of your choice in just seconds. You won't miss any important call anymore!

Even more possibilities

Smartwatch Ultra 3 is a multifunctional control center that makes your life easier at every step. With its help you can freely control the music player, set the alarm clock or check the current weather forecast. It also allows you to remotely control the camera, which is perfect for group photos. You can also use breathing exercises to help you relax and find inner peace.

Ready to accompany you anywhere

You don't have to worry about rain, splashing water or sweat during an intense workout. The smartwatch is IP68 waterproof, so you can confidently wear it while swimming or showering without risk of damage. The FutureFit Ultra 3 smartwatch is ready to accompany you in all conditions, providing the reliability and durability you need.
