Wall charger XO L101, USB + 2x USB-C, PD 20W (white)

XO L101 network charger, USB + 2x USB-C, PD 20W (white).
Charge 3 devices at the same time! The XO L101 charger is equipped with ports: USB and 2x USB-C, so you don't have to wait for one device to charge to connect another. In addition, it supports fast charging protocols, and thanks to a number of safety features, you can use it without worrying about damaging your equipment.

Fast, smart charging
The XO L101 network charger is equipped with 3 ports, which will allow you to charge several devices simultaneously and save time. What's more, it supports such fast charging protocols as QC 3.0/2.0, AFC, FCP or PD 20W, so you'll renew your equipment's energy in no time. What's more, it intelligently recognizes the device connected to the port and adjusts the voltage to it (max. DC 5V / 3A).
