XO L97 network charger, USB + USB-C (white)

Fast charging without waiting! The XO L97 mains charger features 2 USB ports and allows 2 devices to renew power simultaneously. It provides an output current of up to 2.4A. It also features a lightweight and compact, yet durable design. Built-in safety features ensure safe use.

2 USB output ports

No longer do you have to use 2 outlets to charge your gear. The L97 mains charger has as many as 2 USB ports - USB-A and USB-C, so you can simultaneously restore power to, for example, your smartphone and tablet. The product also offers 5V/2.4A charging, allowing you to charge your devices quickly.

No worries about security

You don't have to worry about your devices being damaged while charging. The charger is equipped with a special control circuit that intelligently adjusts the current and output voltage to the connected device. What's more, a number of safety features further ensure safety during use.
