Headphone Blitzwolf AA-ER3 (black)

Ref: 5907489607056

### Blitzwolf AA-ER3 wireless earphones

Excellent sound quality wherever you are? With Blitzwolf, it's possible! The AA-ER3 wireless earphones are equipped with dual drivers that guarantee crystal-clear, natural sound, while the durable 1000 mAh battery enables an impressively long runtime. Bluetooth 5.0 is responsible for reliable transmission and allows you to pair up to 2 devices simultaneously. The earphones are also incredibly comfortable.

### Discover a new dimension of music

What makes the AA-ER3 earphones able to provide such fantastic audio quality? Dual drivers guarantee clear, richly detailed sound, while the boosted bass and perfectly balanced mids and highs will give you an unforgettable musical experience. This allows you to feel almost like you're at a concert anywhere. Just put on your new earphones and discover the magic of music once again!

### Reliable wireless connection - ultra-low latency

Connection problems are a thing of the past. Bluetooth 5.0 provides incredibly fast and stable signal transmission. If you want, you can also pair 2 devices with the earphones at the same time and switch between them freely. There is also a low-latency mode, which is likely to appeal especially to gamers. Perfect synchronization of video and sound will help you better find yourself in the world of your favorite game and defeat more opponents!

### Long working time

Listen to your favorite songs for as long as you want and don't worry that the earphones will refuse to work too quickly. Thanks to their long-lasting battery, fully charged AA-ER3 allow you to talk on the phone for up to 35 hours or play music for up to 40 hours. So you can easily take them with you to work or on a long train trip. The charging time of the earphones is only 3.5 hours - that's really not much!

### Designed for your convenience

The Blitzwolf AA-ER3 earphones will not only provide you with excellent sound quality, but also exceptional comfort. Made of skin-friendly, breathable materials, the earcups are incredibly soft and comfortable. They adhere perfectly to the ears and do not cause unpleasant pressure. The ergonomic design of the earphones means you can wear them fatigue-free for long hours. The adjustable headband allows you to adjust them to your needs, and thanks to the foldable design they are also perfect for traveling.
