Powerbank / Jump starter Lokithor JA301, 2000A, kompresor 10

Ref: 6928493304457

Powerbank / Jump starter Lokithor JA301, 2000A, kompresor 10-150 PSI

Lokithor JA301 powerbank/jump starter

The Lokithor product is a practical and multifunctional device that you will certainly find useful. Jump starter is distinguished by its wide compatibility, so it will work not only for your car, but also for your boat, lawnmower, RV, SUV, etc. A number of safety features ensure safe use, and the powerbank function will allow you to charge, for example, your phone or tablet. The JA301 also serves as a flashlight, which will make visibility easier after dark.

Reliable

Jump starter detects tire pressure, charges the battery, can also switch BAR/PSI units. The accuracy of the detected pressure is ±2PSI. While the maximum pressure reaches 150PSI. The JA301 is equipped with 3 kinds of inflation needles, which allows you to refill the air in the tires of cars, bikes, kayaks, balls, etc.

Wide compatibility

The powerbank features a 2000A starting current, so it will start your vehicle within 1-3 seconds. It is suitable for petrol engines up to 8 liters and diesel engines up to 6 liters. The device will work well for vehicles such as car, motorcycle, boat, RV, ATV, lawnmower and many more. Additionally, the JA301 can operate in standby mode for up to 180 days and consumes a small amount of power.

Safe for your vehicle

The Lokithor product detects battery voltage in real time and will inform you of any error encountered. The device also has a number of protections, for example, against overvoltage and overheating, so you can use it safely.

Multifunctional

The device serves not only as a starter, it will also work as a flashlight and powerbank, with which you can charge your phone, tablet and other devices that have a USB port. The product supports fast charging USB 3.0, while the LED flashlight has 3 modes of operation: constant light, strobe and SOS.

Package contents:

Jump starter JA301

Clamps x2

Adapter

USB-C cable

Brand

Lokithor

Model

JA301

Battery capacity

74Wh

Starting voltage

12V

Starting current

1000A

Peak current

2000A

Pressure

10~150PSI

Sensor accuracy

±2PSI

Input port

USB-C 5V/3A, 9V/2A

Output port

USB-A 5V/3A, 9V/2A

Polarity

red (+), black (-)

Charging temperature

0°C - 45°C

Operating/storage temperature

-20°C - 50°C

Battery life

>1000 cycles

Charging time

4 - 7.5 hours

Lumen output (flashlight)

300lm

Dimensions

249 x 142 x 103mm

Weight
1.77kg
