

Magnetic Base and Suction Cup Base Set TELESIN for Insta360

Ref: 6974944462047

Magnetic Base and Suction Cup Base Set TELESIN for Insta360 GO 3

Magnetic Base and Suction Cup Base Set TELESIN for Insta360 GO 3

Gain a unique perspective and capture a variety of interesting shots. This exceptional mounting kit includes a magnetic mount and a suction cup mount for the Insta360 GO 3 camera. With these, you can securely attach your device to a chosen surface and record one-of-a-kind video material! The accessories are straightforward to install and durable. They also stand out for their compatibility with other mounts (e.g., phone holder) available for purchase separately.

Reliable Suction Cup

The suction cup mount included in the kit allows you to attach the camera to surfaces like car windows. It's a perfect way to record your journey from an unusual perspective! The accessory provides necessary stability for your device and is also reusable - if it gets dirty, you can simply clean it and use it again after drying.

Strong Magnets

The magnetic mount included in the kit offers many exciting recording possibilities. With it, you can easily attach the camera to a railing, car, refrigerator, and more. The accessory is equipped with 6 strong neodymium magnets and has a load-bearing capacity of up to 300 grams. This ensures the safety of your equipment - no need to worry about it falling and getting damaged. Furthermore, the bottom part of the mount is lined with silicone, so you don't have to worry about scratching the surface to which you attach it.
